Leadership Pearls of Wisdom

By dogface55

A fascinating trip through the life and career of a business leader who practiced what he preached. A must read for anyone aspiring to be a leader in the business world or for that matter in any career field.

Well written summary of a very interesting life.

By Steven P. Leakey

Pete Mefford, a long-time friend and associate of mine at EDS, has done an outstanding job of sharing his life with the reader. After a very unusual upbringing and ambitious professional career, Pete does an excellent job of interweaving his life and professional experiences in both revealing and interesting ways. Determination, perseverance, dedication, loyalty, hard working, loving, resilience, and many more terms could be used to describe the characteristics of the author's approach to life. Every person on earth has a story to tell - and Pete tells his in an interesting, entertaining, highly readable and instructive manner.

Full of Leadership tips

By Bari A. Holden

A Very readable and enjoyable leadership handbook. The book takes you through the life and career of an EDS executive, sharing moments of doubt as well as moments of achievement and success. It is done with

humor and humility and includes many important leadership tips some learned the hard way. The book tells the story of one man who had a goal and drove towards it even when events seemed positioned to thwart it repeatedly and in ways that seemed unfair. It also gives the reader a glimpse into the growth and success of an amazing company and the people who made it possible. Many useful gems can be found here for someone striving for a leadership role.
