Getting dumped for her best friend marks a low point in Tiffany Barlow's life, and the break-up does more than shake her confidence. A few hurtful words from her ex are enough to leave her wondering if, as a plus-sized woman, she's too big for anyone to want as a submissive. After moving across the country with the aim of starting over, Tiffany is determined to get in shape and begin a new life.

As far as Lance Sawyer is concerned, the full-figured girl who shows up for a trial membership at his gym is the most beautiful woman he's ever seen. When Tiffany leaves in a snit after a misunderstanding, he's determined to make things right, and he offers her his services as a personal trainer. But this will be a very special form of training...

Lance is no stranger to the age play lifestyle, and in Tiffany he sees a girl with a deep need for total submission. But first she'll have to get past her misconceptions about her weight, recognize her true beauty, and discover what it really means to be a little. Can Nick's loving care and strict discipline teach Tiffany that she can be big, beautiful, and little?

Awakening!

By Nicole H. Vela

Tiffany Barlow, abundantly curvaceous, has just been unceremoniously dumped and in the most devastatingly cruel way. With nothing to lose she moves to another city and realizes she has to make changes! With a shaky psychic she goes to a gym, and that is where the story begins. Lance Sawyer, handsome, successful and is built like a brickhouse( ex-military), is literally dumbstruck could possibly be his luckiest day. The voluptuous woman before him has his mind reeling. Inserting his foot wasn't in the plan, but he has to break down the wall and hold the little. Could he survive another relationship of this particular magnitude? Age play and his dominance has spurred him on. She is literally broken, could he love and nurture and rebuild her confidence and show her that beauty comes from within. Nick is a stupidhead!( sorry can't help it). Grab Kleenex, this has to be by far the best book ever written by Elsa Black! The inner turmoil is what most grabbed me. This book touches on woman's insecurities, mind, body and spirit. This writing is exceptional, the emotion- Elsa deserves and academy award for the writing! I cried and related to body issues, there is just so much going for the book. It's her best book to date!! Would recommend this book to anyone looking for age play, and the beauty of a dominant/submissive relationship. Must read!

Warm and Touching Relationship

By jia

A good, quick read about a woman brow beat by an ex boyfriend and her best friend who betray her, then shame her about her submissive desires. She moves cross country to Seattle and meets a man looking for a "little" just like her. Because of her size and the mistreatment of her previous boyfriends she cannot believe the hot owner of the gym could possibly be interested in her, and she doesn't even know that what she is seeking is more than being a submissive, but what she needs is to be a "little". I find these books so worth the read because, besides the great sex, they explore the emotions and motivations of both the "daddy" and the "little". I find the relationships warm and touching.

Could relate to the Little in this story

By Renee

Absolutely loved this story. Loved the fact that the story was about someone I could relate to. So many times this genre focuses on the small, tiny female. Ms. Black went in a completely different direction with her characters and it was a winner from the first page. Really enjoyed the connection to the other story line and look forward to more stories in this world.
