So far, the best of the series, well,,, maybe

By Phil Dunlop

Ok, DI Dixon has done it again. I truly like this guy. Some credit is due the author of course, but it seems like Nick is coming to life. Mr. Boyd is my favorite Author in the e-book arena. I always look forward to his latest offering, I download it to my Kindle, and then I savor it, waiting for just the right moment to begin reading. I've purchased all the books, and I'm going after book six as soon as I finish this review. I most enjoy the UK viewpoint, perhaps because I spent 3 years there while in USAF, or maybe it's because I like the atmosphere of the series. Nothing to criticize, this is simply a great series. If you are new to DI Dixon, start with the first book and work your way up, it's the best way to become acquainted with the characters. Great job with this one Mr. Boyd, I surely hope you continue to write.

The best one yet.

By Heather Carston

While I've enjoyed them all, this one has the depth the first ones lacked. While I still don't really know what either he or Jane (or any of them) look like past the most cursive of glances, there was an underlying reason to this plot that didn't become obvious until the last page of the book. It is that passion that led to the idea of the book that sets it apart from the others I have read.

Dixon no 5

By bert bloggs

Ok I'm hooked,it may be post hurricane internet deprevation, but I don't think so. These are very entertaining stories,move quickly and make you think ,and having been absent from UK for so many years,interesting to see how things have changed.

They kept me involved,with the aid of ear plugs ,through 140mph winds and heavy rain.

Thanks a lot Mr Boyd,and instill.have one to go!!
