# **DOM'S GUIDE TO BDSM VOL. 1: 49 MUST-KNOW TIPS ON HOW TO BE THE PERFECT DOM/MASTER YOUR SUBMISSIVE WILL TRULY RESPECT & ADMIRE (GUIDE TO HEA PDF**

Much of what we've "heard" about BDSM and the lifestyle is wrong. Our opinions on this lifestyle and art form are oftentimes shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths. The truth is that BDSM is not degrading towards women, and it's also a concept that you will find is not "scary." And even the "pain" that is spoken of is not the type of pain people think it is.

This book is written for Doms/Masters in training. It is written for you, the average guy or gal, who doesn't already have a closet full of leather and whips, and who really has little idea about what BDSM is besides what they've heard about it.

What you are going to find out, is that the Dom/Master actually has the more complicated role. The master has the task of giving pleasure and discipline to the slave or sub. A great deal of what you do as a Dom will be for the benefit of a sub. You must derive pleasure from giving, have a great desire to please a partner, and not simply take what you want.

Still interested? Good. Now that we know you're a REAL master in training, one that will respect the rules, respect the slave you have power over, and follow protocol, you can begin your Dom training. Only then can you truly earn the utmost respect and admiration from your sub.

In Volume 1 of this series we are going to discuss:

- How to think and act like a Dom
- What the slave expects from you
- What not to do and what instincts you do NOT want to follow
- Your motivation and your goals
- How to find out a sub's taboo
- How to negotiate, find agreement and ensure that game play is always safe
- How to make a slave yearn for you and desire to be controlled by you
- And much more...

Informative

By JJ L.

This book clarify a lot of myths/misconceptions surrounding the BDSM lifestyle. It's not about abuse like many people think. As a new Dom I felt this book is very informative and helped me a lot. I think even a sub can learn a lot from this book. It taught the differences between dominance and abuse, what it takes to be a good Dom, what a sub expects from a Dom, and how to be the Dom every sub attracts. You will recognize if you are in an abusive instead of a true D/s relationship right away. Like the author mentioned, it's all about consensus, trust, respect, and safety. Looking forward to the next book in this series.

Must read for new or potential Doms!

By Amazon Customer

This book is very helpful and informative for anyone interested in learning more about the BDSM lifestyle. The book starts out by providing an interesting history of the origins of BDSM which is something that other books don't include and then goes on to address the common misconceptions that many people may have about BDSM. The book also thoroughly explains the roles of dom and sub which is very helpful for people that are new to the lifestyle and terms. The book is divided up by the topics, and each section contains a number of tips which really adds to the material. Definitely a must read for anyone interested in the BDSM lifestyle.

5 of 5 people found the following review helpful.

Understanding the Psychology behind BDSM

By Amazon Customer

The book seems to be more senseful than I thought it would be. It explained more on the psychology behind BDSM relationship than just what people are expected to do. It's more on the "why" and "how" than answering the "what". The author seems to really try to make you appreciate this kind of relationship than just explaining what it is. It's not a cheap writing, instead it's insightful. I think it was a good read.
