In *Donnie Brasco*, FBI agent Joseph D. Pistone tells the story of working so deep undercover in the Mafia that the truth of his identity became blurry even for him. For six years, Pistone posed as jewel thief Donnie Brasco in order to pull off one of the most audacious sting operations ever. Because any small detail could blow his cover, Pistone adjusted his personality and habits to earn the trust of Mafia soldiers, connected guys, captains, and godfathers. He was so successful that many FBI surveillance teams assumed that he was yet another Mafia guy. This memoir paints a vivid portrait of the underworld of wise guys by revealing their code of honor, their treacherous dealings, their relationships with their wives and mistresses, and their lavish money habits. The suspense in Pistone's story builds as he unfurls his experience of life on the edge of good and evil and on the verge of death.

FASCINATING

By Bev Thompson

Wow! What a fascinating book! Although the writing leaves a LOT to be desired, it actually lends to the "flavor" of the subject matter and the character of Donnie Brasco. Brasco (or, actually, Pistone) was an FBI agent who infiltrated the mob under cover, and he gives us a fantastic trip into his life with them. And, believe me, it's a scary, crazy, WILD RIDE, one that us "normal folks" would never experience. Thankfully, there isn't as much violence as I anticipated. I'm enjoying the book a LOT more than I expected, and I recommend it highly.

Riveting

By Rika

This was a fascinating book and I found it incredibly riveting. I had to keep reminding myself throughout the book that the Mafia crews are all vicious animals and deserve no sympathy whatsoever. Agent Pistone did an amazing job in infiltrating this culture, and you went along on this unbelievably wild roller coaster ride with heart stopping, nail biting scenes that kept you turning the pages. It was somewhat comforting to hear Pistone put it into perspective by saying he was only doing his job, as they're doing theirs. I have to admit, I did find myself feeling a little sad with the inevitable results, but the realization is that this is life as they live it and they would have it no other way. I have read countless mafioso books, but I have never absorbed the true sense of what it was like in this underworld as Pistone portrayed it. I only hope he's able to enjoy life with his family somehow without the daily fear of looking over his shoulder. A true Hero and a 10 star read!

I die with you, Donnie

By Mickey Ryan

Joe Pistone wasn't your average FBI agent. An ethnic Sicilian and genuine street guy from Paterson, NJ, he was perfect for the very dangerous task of working undercover and slowly infiltrating the New York Mafia in Little Italy and Brooklyn for six years on behalf of the Bureau while at the same time being isolated from his wife, kids, and anything else he holds dear. Under the alias 'Donnie Brasco', Pistone starts off with a small Colombo crew before brazenly making his way to heavyweights in the Bonanno Family which leads to friendships and alliances with the likes of Anthony Mirra, Lefty "Guns" Ruggiero and Sonny "Black" Napolitano. Superb tale told in a simple, matter-of-fact tone yet pulls no punches on the difficulties of going undercover and living a mobster's lifestyle. The book is filled with verbatim transcripts of conversations ranging from sit-downs, inner feuds, scams, hits, and everything in between. I found the ending to be mildly sad, with the inevitable happening to certain characters when their overlords discover they unwittingly brought a government agent into their underworld. This is a must for anybody who saw the (great) movie and loves a good gangster read.
