Excellent book on experimental enamelling

By Marie

Very interesting book on enamelling techniques to enlarge and further the education of the enamellist. Out of print and therefore purchased expensively secondhand but worth it.

7 of 7 people found the following review helpful.

Great Book

By albert markasky

Fantastic book on experimental enameling! Fred Ball's work is fantastic. If you like to experiment you will love this book. Goes way beyond most basic enameling books. Learn how to use sand, borax, water, lecithin, cheesecloth, and many more unconventional materials for enameling.
