You should like to by doing this.

# GROWTH MARKS BY MARGARET MARON PDF

This is a “not-really-a-crime” story by my definition of crime stories—no murder, no theft, only the secrets of a grief-stricken mother’s heart—but it was enough of a domestic puzzler that Nancy Pickard selected it for her anthology, "Mom, Apple Pie, and Murder."

Great read

By Maria Gruskin

Huge fan of Margaret Maron's books. This short story is lovely. A beautiful example of her writing that doesn't include a mystery storyline.

A story to think about as you age

By Amazon Customer

I like everything Ms. Maron writes. I am a fan and I have most of her books. To re-read one of her books is always a pleasure and I totally enjoy her Knott "family". She enfolds you into her "family" as well as her story. Long may she write!

what a wonderful story!

By JB

While not a classic mystery (as Margaret Maron informs us in the introduction), I thoroughly enjoyed this story by one of my very favorite authors. I highly recommend it and all of her books.
