A new book edited by the author of Scarlet Imprint's "Crossed Keys", in which various occult authors offer their insights into the "Knowledge and Conversation of the Holy Guardian Angel". The book is broken into four parts: the nature of the HGA; what comes after contact and how to work with the HGA; different schools of thought about the HGA; and a section devoted to some of the important blog posts made during the 2011 pan-blogsphere debates on the HGA. Essays include: "A Solar Spark of Light And Fire" - Darren Scriven; "Nine Pieces of Heart Advice For Those Seeking The HGA" - Jason Miller; "The Descended Angel" - Scott Michael Stenwick; "Never Again Alone" - Rufus Opus; "After Abramelin: Working With Your Holy Guardian Angel" - Aaron Leitch; "Passing Through The Void: Journey To Unite With Your HGA" - Frater Ashen F.N.F.; "The Voice of Light: The HGA In The Ogdoadic Tradition" - Derik Richards; "Knowledge and Conversation of The HGA: One Thelemite's Perspective" - Kevin Abblett; "Holy Guardian Angel(s)? - Conjureman Ali; "Holy Guardian Angels, Helpful Spirits and The Genius" and "2 Years Later - The HGA Revisited" - Michael Cecchetelli.

Activating your holy guardian angel.

By Priestess Auset Ra Amen

A serious blue print on how to activate you personal HGA, I must state I'm no fan of patriarchal religions or occult grimore. however working with my HGA for many years, I can attest to what the authors has put forth in this book, there was so much about this grimore that I absolutely agreed with, the first being and most important in my book, is everyone's experience will be different and what is known and proven is if you do the work, you will see results. on page 69 the author goes into detail the disappointment of not upon

completing his 18 month Abramelin Samekh ritual he did not get the fireworks, and loud booming voice, puff of smoke he envisioned. and consulted with those whom he trusted one person being author Ochani Lele who laughed and said, what no flash of light?? puff of smoke no demooooooooooooon!!, I was laughing so hard I fell off the couch, this is so true and I loved that the author kept it real for folks, as some folks really do expect this after doing any type of spiritual initiation or sabbatical into occult mysteries,, the author also stresses another important point, of going within and shutting the hell up, you will not be able to hear spirit if you cannot turn the frequency off in the mundane world, you must spend time in nature to connect with your higher self, you really must be able to fully connect with self and be and be able to see and hear into the spiritual realm, this requires practice and dedication.

This book is a serious manual to not only activate your HGA but to also learn how to work with this energy, the author also stress also if your HGA tells you things, you already know its not that entity, I can also attest to that, your HGA should be able to tell you things you would never know about a person, situation of thing. there were so many gems in this book and these are the type of grimore that goes straight to the heart of the matter, you will find credible information, rituals and instruction on how to invoke and ultimately have a better quality of life, knowing you have celestial forces at your disposal. while everyone is not going to do an 18 month initiation process after all this is not the 36 chambers of Shaolin type initiation, but expect the same results if you do the work, the author does show you how you too can tap into this energy and have it work for you, that is provided you do the work and apply yourself diligently and honestly, this is serious stuff and not for the lazy practitioner, I will agree with the author while some people may be able to activate this energy easier that others, its no reason why anyone cannot begin to tune into this wonderful frequency, should they devote themselves to this field of study, btw stunning art work inside the cover of the book.

Excellent

By David Cheramie

This is from the Hardcover edition

This is absolutely wonderful! The material in this book is made up of individual essays by people who have actually gone through the rite "K&C of the HGA". It is broken down into 4 parts: ' The Nature Of The Angel ' which is very enlightening, lucid and written from three very different perspectives and traditions. 'After The Angel ' which is worth the price of the book alone and should be read more than once, i think anyway, and gives you much to think about and consider if you Really want to do this and the ramifications of going through the ritual. ' The HGA In The Magickal Schools' the two essays in this section are very good. One is from the Ogdoadic Tradition, one from a Thelemite's perspective which is really interesting indeed. And finally, 'The 2011 Blogosphere Debates' which is what brought about the creation of the book in the first place.

The chapters are made up of personal accounts of trying to meet and actually meeting the HGA. There are times when the information will make you take note of who you are and if you are really ready to undertake the rite. It makes the old saying "Man Know Thyself" of supreme importance! Then there are times when it will make you smile, shudder and think about why you want to meet your HGA and what you stand to gain.

I wish that more people would write books like this. The insights that come from personal experience and practice are extremely helpful and genuine. This is what this book is about, genuine experience. Priceless indeed.

The book is really a 'Must Have' and should be read by all who are interested in performing the Rite or if you are interested in Angels in anyway at all.

Thank you very much Mr. Cecchetelli you have given us a true Gem! And thank you Nephilim Press for publishing the book. Keep them coming!

Worthy of Serious Study

By Bearmagick

I found this an enlightening book. The many aspects and opinions of what it means to achieve K&C of the HGA helped me in better understanding this noble goal of the Sacred Science.
