Great for the novice!

By Lee Pilkovsky

This book is great for the first time rebuilder. It's filled with detailed pictures and factory specifications. Doesn't get into how to tune the engine or modify it. If you are not a novice I recommend something different.

great reference, good part numbers, lots of pictures

By A Customer

Definitely a good book for the back yard mechanic. Tons of information to get the novice thru his first rebuild. Buy the book and save yourself the headaches. worth the price hands down.
