Mysteries of Karma and Reincarnation Explained

By A. J.

After waiting two years to see this book in print, all I can say is that it was worth the wait! While the "Change Your Aura, Change Your Life" book explains how to use light to change and improve your challenges in life now, and "The Healing Power of Your Aura" shows how light can be used to heal yourself, this book makes the whole grand scheme of life come into focus. It's very comforting to know that enlightenment is a long and sometimes winding road, and that there is "no sin past redemption". We are given many chances to improve ourselves, remove old negative Karma, and create the dynamic good Karma that comes back to us multiplied! I like to think of it as the "Divine Do-Over". Judgement of others is reduced when we realize we have been where they are, and made numerous poor choices, too.

Give this book to anyone who is struggling with problems right now (even yourself) and this can be a very pivotal life in YOUR 800 Lives to Enlightenment. Welcome!

Must read book

By Sara

I was born and raised in Taiwan. Reincarnation is fully recognized and embraced in my culture but until I read this book I had no idea how does it really work. Being interested in metaphysical study for about 20 years, I've read a lot of books, been to many workshops, seminars, and events. There are books that I consider as cornerstone for my journey such as Celestine Prophecy, Way of the Peaceful Warrior, Autobiography of a Yogi ..., and now this book would mark a newest cornerstone as I continue my journey. If people could understand how reincarnation work, I think we will reach world peace because we would treat everybody, every situation differently. Compassion is given because there's no need to hate or angry at any other people. It's a perfect working system from a higher perspective. There is no victim. We created everything ourselves.
