From AudioFile

Chief Inspector Maigret has been powerless to crack the bewildering "daylight" jewelry heist cases happening in Paris for more than twenty years. Clifford Norgate's mastery at capturing Maigret, his associates, and the contemptuous suspects encountered throughout the story is outstanding. His impeccable dialects provide authenticity to this absorbing mystery. As he escorts the listener through interrogations, grisly discoveries, and Maigret's thought processes, the city of Paris and the characters spring to life with every word. Maigret Bides His Time: well-written and a most intriguing criminal investigation

By Merrily Baird

"Maigret Bides his Time," translated from "La Patience de Maigret," concerns one of the longest running and most intractable criminal cases Commissaire Jules Maigret has faced as chief of the criminal division in the Paris Police Judiciare. Numerous smash and grab robberies have plagued the capital's jewelry stores, and, although Maigret suspects that the wheelchair-bound and elderly Manuel Palmari is the mastermind, years of surveillance and interrogations have produced no actionable evidence. All this begins to change once Palmari is assassinated at home, and Maigret and his junior inspectors have cause to question the residents of the apartment house where Palmari lived.

Many Maigret novels focus on recreating the life of the deceased. In contrast, "Maigret Bides His Time" intrigues the reader by demonstrating the way in which the Commissaire's personal knowledge of Paris's underworld benefits the investigation and by Maigret's logic in defining what skills were needed to support such an ambitious jewelry theft endeavor. A most welcome additional feature concerns the World War II-related backgrounds of several secondary players, something relatively rare in the Maigret mysteries despite the fact that many were written during the war years or soon after.

A Twenty Year Mystery is Solved.

By Marco Antonio Abarca

The setting is Paris in the early 1960's. The venerable Inspector Maigret is nearing retirement age and growing increasingly stout. Paris is hit once again by a series of jewell heists. Maigret has known for twenty years that the Corsican crime boss Manuel Palmari has been behind the crimes. Over the years, Maigret has developed respect and even professional admiration for Palmari. During the middle of the latest crime spree, the wheelchair bound Palmari is found murdered in his apartment. This is Maigret's opportunity to unravel a mystery that has been bothering him for 20 years. This story has all the classic elements that Jules Maigret fans love.

A detective plagued by jewelry store heists ? in daylight

By Midwest Book Review

Georges Simenon's Maigret Bides His Time provides an unabridged Jules Maigret mystery telling of a detective plagued by jewelry store heists - in the daylight. The Parisian inspector has his hands full, and Clifford Norgate's background in Shakespearean drama brings the underlying drama to life in this mystery.
