The real secret isn't passive...

By Amazon Customer

All the information in the world won't help you unless you take action. This information and the Neothink time system is nothing short of life changing. Can help anyone, but Neo-Tech people for sure. If you are lazy and looking for The Secret type of passive intentional creation stuff this isn't for you. The real secret is making forward movements on your dreams and turning them into reality. Mark Hamilton is incredibly insightful. I go back to this book over and over again.
