0 of 0 people found the following review helpful.

I would highly recommend anyone who is considering solar purchase this book

By Lee E. Sowers

This is an outstanding book. After spending a fair amount of time trying to understand Solar Power and PC Systems without much luck I purchased *Power from the Sun*. I would highly recommend anyone who is considering solar purchase this book. It is east to read, easy to understand, has great illustrations and covers all aspects of solar.
