Good Start for beginners and new ideals for those that have read before.

By Sparky1769

Good strategies in being productive. The first ever book I read in this category about the destruction of pornographic material on time management and impacts to other areas of your life. The author was spot on. I will give it 5 stars just because he tactical it and brought it up and explained it.

Cant wait to see what the rest of my 30 day challenge has to offer!

By Beach Book Publishing

I am not even all of the way done with my 30 days yet, and have already seen improvement. I feel more motivated, and have gotten more things done around the house, at work, and in life in general. I can't wait to see what the rest of the 30 days has to store!
