Has some good information. Has alot of spelling grammar errors and repeats about the same thing. Should have hired an editor to review the book before publishing.

Useful info.

By Joseph R. Newberry Jr.

Touched on many useful points and offered advice which I appreciated. Went through the financials too quickly for me but I can read that section again and use a spreadsheet program to understand it better. Overall a quick read with good information.

High level overview

By Sara

Very quick read with high level 30,000 foot overview of the laundry business. For deeper dive discussion/ideas/plans, other books are more helpful/thorough.
