I loved this book

By Jennifer G

I loved this book. It had so many twists and turns, ups and downs, but got me where I wanted to be in the end. It's finally time for the final war with Misal, but we don't know who else he is working with. We also have strange developments with Arena that could destroy her and her and Kace. We still have our cast of bad-ass girls and their men and we get more time with the future little Ms. All-Around SaShante. Julius continues to be one of the best characters but each character has grown with each book. They are all appreciated. We get introduced to Carter, but we still have to endure Ebony. I'm not sure I've ever disliked a character more and for so many reasons. I hate her more than Arena hates peacocks!

This is a wildly entertaining story with an outcome that is never certain, only hoped for. Arena and Kace continue to have great chemistry and inspire their friends and the rest of people. To see good people rewarded and bad punished can be very satisfying. And the little glimpse we get down the road was wonderful. This book was an excellent conclusion to the love story of Arena and Kace. A book focused on such a strong woman that constantly becomes a better human, touching lives all over is a worthy book in

itself. Add a man who loves her so completely that he will not only do anything for her, but is honest and open to all about his love makes it an even better read. Together they are unstoppable. They can make the world better for all.

A must read!

I loved this book. A good ending to this trilogy. The ending had me scared about what was going to happen to Arena or Kace. Then she ends it on a happy note!!!
