You need to choose to this way.

THE HOWLING TRILOGY BY GARY BRANDNER PDF

"If you haven't read Gary Brandner, you're missing a treat." ~ STEPHEN KING

The Howling Trilogy -- three books in one!

The Howling

Karyn and her husband Roy had come to the peaceful California village of Drago to escape the savagery of the city. On the surface Drago appeared to be like most small rural towns. But it was not. The village had a most unsavory history. Unexplained disappearances, sudden deaths. People just vanished, never to be found...

The Howling II

For Karyn it was the howling. The howling that had heralded the nightmare in Drago... the nightmare that had joined her husband Roy to the she-wolf Marcia and should have ended forever with the fire. But it hadn't. Roy and Marcia were still alive, and deadly... and thirsty for the most horrifying vengeance imaginable...

The Howling III

They are man. And they are beast. Once again they stalk the night, eyes aflame, teeth flashing in vengeance. Malcolm is the young one. He must choose between the familiar way of the human and the seductive howling of the wolf. Those who share his blood want to make him one of them. Those who fear him want him dead. Only one woman and one man want to help him. Even though they can't believe their ears. Or their eyes...

Howling Fun!

By David Zuzelo

A very entertaining collection for horror fans, and worth a read for anyone that has seen The Howling or it's buzumpteen sequels. THE HOWLING is a fast paced horror novel that, in my opinion, is more entertaining than the film it was made into. The prose is sharp and the pacing is lightning fast. HOWLING 2 is a bit odd, and probably the least of the three, sticking with the Survivors of the original book being stalked by two of the main baddies from Drago. It's short, but has a lot of emphasis on running away from horror than showing actual horror. For a clearer sequel check out Howling 3, it adds to the first book explaining more of the original town and is much more expansive in setting than the other entries.

Well presented and if you like your horror to feel pulpy with a side of sexy, this is for you.

Three great werewolf tales!

By Constant Reader

Three great werewolf novels together in a trilogy set! Convenient and it's cheaper than buying the novels separately. How great is that?! Sure, you can buy the paperbacks one at a time but this trilogy package is currently only available for the Kindle and it comes your way courtesy of the folks at Books of the Dead Press.

As for the novels themselves, they have aged well over the years and haven't lost any of their edge. They are neither too long nor too short and they tie together nicely as a trilogy but each could be considered to be a stand-alone novel.

Gary Brandner creates characters that we come to care about as they evolve while he piles on the suspense, throws in a sprinkling of humor and a pinch of sensuality and lets it all simmer before blowing the lid off in an explosive climax.

If you are into werewolf tales and don't mind stories set in the late 1970s and early 1980s, then you can't go wrong with these three fantastic tales.

Who Knew?

By chh1138

I'm a huge fan of the original Howling film. The others...not so much. It was on TV recently, and I noticed in the credits that it was based on the book by Gary Brandner. I had completely missed this in the countless other times I'd watched the movie! So, I hopped on Amazon to see if it was available, and discovered that it was a trilogy! Awesome!

Werewolves have always seemed to play second fiddle to vampires (and now zombies), and there just not enough stories about them.

If you're a fan of werewolves, The Howling movie(s), or just horror in general, but this trilogy. You won't be

disappointed.
