Solid edition of an important work

By DLewis

Obviously, a Kindle edition of an old work is not going to be a critical edition with any sort of scholarly apparatus. As long as it is properly divided into chapters, complete, it should suffice as a readerly edition. And this edition does all that.

Samuel Johnson's prose deserved to be enjoyed in the bite-sized portions of each essay. A worthwhile read, even if you just want to skip around.

The Bach of the English Language

By Arthur Chandler

If you want to read serious thoughts expressed by a master of English prose, this is a book you will cherish.

0 of 0 people found the following review helpful.

I love Samuel Johnson.

By Boz Django

He is, by far, one the better 18th century writers I have read. While there are many writers of merit, it is Johnson who uses all the flourishes and verbosity present in so many 18th century literary efforts with a virtuosity that makes his writing incredibly approachable and readable. Give him a try.
