Enjoyable

Even though this story has only 44 pages, I really liked it.

Ilisi is a strong woman. I couldn't imagine what I would do if I knew I was to be a sacrifice for a dragon. I wouldn't have walked and let myself be tied up and not tried to escape. She knows that it wouldn't be any good any way. She has accepted her fate and she just wants to get it over with.

Just imagine how shocked you would be when you find out what the dragons really do to you. It's better than being a sacrifice. Edwin is a dragon and he can swift to dragon form. I love to read books about dragons and this one really surprised me. I can't say any more because if I do I will be giving the story away and I don't want to do that. I just want you to read this book and find out for yourself.

I loved the cover of the book and I believe that it goes with the story really well. It is like they were made for each other. I would recommend this book to any one that likes dragons and loves a short read.

Very short and to me it felt flat! The highlight of the story is basically the walk to the altar, then the sex and then....that was it. I was not impressed....NO....not impressed at all especially coming from this author.

Deliciously erotic!

By Sherry Schutz

Once again I was delighted with the adventure and the anticipation of the end. The imagery of the worlds she creates is so vivid you can close your eyes and picture yourself there. And as I said, deliciously erotic!
