Maury Terry's Masterpiece
By Mike
Book was in decent condition. I had read it before many years ago. It's a great thought provoking read. I highly recommend it.

16 of 17 people found the following review helpful.
The truth is more scary than fiction!
By Mr. Stephen Reid
The appearance of this book - thick-as-a-brick, fiery cross cover (early paperback format), and perhaps even the title - might make the prospective reader think they are buying a scary fictional chiller in the mode of Stephen King or Dean Koontz. However with the greatest of respect to these two gentlemen, this book is even more frightening than anything they could conjure up from their dark and fertile imaginations. Maury Terry maintains - with much compelling evidence - that this book is all true. If this is indeed the case then forget fictional terrors - the real stuff starts here.
This is a gripping and at times disturbing read - the image of shadowy Satanic hitmen slipping unassailed through various levels of American culture/subculture is most unsettling.The links between the Manson family and the Process church wackos are enough to give you nightmares. The opening chapter detailing the horrific murder of newly-wed Christian evangelist Arlis Perry is truly bone-chilling. On a more prosaic level the case for there being more than one "Son of Sam" killer is expanded upon as if it were courtroom evidence presented by an expert witness. I highly recommend this book.

EYE OPENING, BONE CHILLING, HIGHLY DETAILED AND RESEARCHED!

By interesting

I am not going to say a lot about this book. People give enough information in reviews to tell what it is about.

I spent considerable amount of time researching what is described in this book, looking at primary sources, newspaper articles, court documents, etc... and what I have found is more horrifying than words can describe.

Part of me is sorry I read this. It is interesting to me why this book is out of print and not being followed up on.

This book clearly demonstrates how we are misled and misinformed by the media and the powers that govern our very belief systems.
